

STATISTICS ON IADC MEMBERSHIP AND THE WORLDWIDE RIG FLEET

IADC OFFERS THREE membership classes:

- **CONTRACTOR:** For contract-drilling and well-servicing firms worldwide, whether their operations are on land or offshore;
- **PRODUCER:** Open to all energy-producing companies;
- **ASSOCIATE:** Available to manufacturers, suppliers, consultants, educators, oilfield-service firms and others with a professional or commercial interest in the upstream energy industry.

In 2010, IADC comprises 445 contractors, 59 Producers and 814 associates worldwide, for a grand total of 1,318 energy companies.

IADC contractor members operate 4,366 drilling rigs of all types. 3,654 of those are land rigs, with 2,241 capable of drilling to depths of 14,999 ft and 1,413 able to drill beyond 15,000 ft. The IADC fleet includes 586 mobile offshore drilling rigs of all types, including jackups, semisubmersibles, submersibles, drillships and tenders. In addition, IADC contractors operate some 65 platform rigs and 69 inland-water barges. Finally, the IADC fleet also includes 1,500 land, offshore and inland-barge workover units and 66 coiled-tubing rigs.

THE IADC WORLDWIDE LAND AND OFFSHORE RIG FLEET

	<u>2010</u>	<u>2009</u>
Land		
0-14,999 ft	2,241	2,476
15,000 ft+	1,413	1,456
TOTAL LAND	3,654	3,932
Mobile Offshore	586	621
Drilling Rigs¹		
Platform Rigs	65	77
Inland Waters	69	80
ALL DRILLING	4,366	4,710
Workover Units²	1,501	2,367
Coiled Tubing Units	69	76

¹ Includes semisubmersibles, submersibles, jackups, drillships and tenders

² Includes land, offshore and inland-barge units
